

Certificate of Limited Warranty:

Pete's Auto & Truck Parts, Inc, DBA Pete's Auto Parts ("Company") makes the following limited warranties as to the automotive parts ("Part(s)") sold by the Company to you, the original purchaser, subject to the following conditions and limitations:

1. Tires are sold as-is and all sales are final. Should your installer find a problem with a tire, you may exchange the tire within 2 business days of the date on your invoice. No exchanges or refunds on tires after 2 business days.
2. If a cut sheet is required for your purchase, it is a "custom cut" and a final sale item with the exception of some problem with the part being found at the point of pickup or delivery. Custom cuts may not be returned because they have been specially cut for you and cannot be sold to another customer (who may need more roof, etc.)
3. All other parts besides tires and custom cuts may be returned to Company, in the condition they were purchased in, at the location where they were purchased, for any reason within the first thirty (30) days after purchase, for a full refund of the purchase price of the Part(s), less Company's cost to ship or deliver the Part(s), if any.
4. Part(s) sold may or may not include accessory parts; any accessory parts are left on for your convenience and are not covered under this warranty in any way.
5. All Parts will be free of material defects and fit for their intended purpose for a period of 180 days from the date of purchase on the invoice ("Warranty Coverage Period.")
6. If a Customer does not purchase an extended Warranty, no labor shall be paid in any circumstance.
7. If the Part should fail within the Warranty Coverage Period, the Company, at its sole discretion, shall elect to: replace the Part(s) free of charge; repair the Part(s) free of charge; or refund the original purchase price. Note: you may not just return a part for credit, you MUST inform Company of the problem and the diagnostics BEFORE removing the part from the vehicle. Failure to do so voids this warranty. No refunds will be given for parts not given a chance to be diagnosed and repaired beforehand.
8. The Company offers three types of extended warranties which are available for you to purchase before taking possession of the Part. Once the Customer has possession of the Part(s) via pickup, delivery or shipment, no Warranty may be added or refunded.
 - a. **Silver Warranty:** Warranty Coverage Period shall be extended to cover a period of one (1) year (365 days) from the date of purchase on the invoice.
